# Corporate Integrity and Accountability

## Corporate Integrity and Accountability

The ethical and legal scandals at Enron, WorldCom, Tyco and many other businesses in the United States, Europe and Asia have shaken people's confidence in business. **Corporate Integrity and Accountability** seeks to address questions of corporate integrity as they arise for financial reporting, executive compensation, globalization, and business ethics itself. The chapters are the product of leading business ethicists—both academic and practitioner—in the U.S. and Europe, resulting in the application of different methodologies, sources, and forms of argument. This gives the reader a sense not only of the complexity of some of the ethical issues business faces, but also the richness of the various resources that are available to address these issues.
