The Lost Tomb of Viracocha: Unlocking the Secrets of the Peruvian Pyramids Maurice Cotterell
Bestselling author of *The Tutankhamun Prophecies* decodes the spiritual mysteries hidden within the recently discovered Mochian pyramids in Sipan

- Reveals that ancient Inca sun-kings possessed the same solar science as Lord Pacal of Mexico and Tutankhamun of Egypt
- Solves the mystery of the ancient Inca legend concerning a white god who traveled through ancient Peru, healing the sick and restoring sight to the blind

Inca mythology tells of a tall, white leader who wandered along the coast performing miracles, a man they called Viracocha Pachamac, which means "God of the World." Centuries later another great miracle worker, similar to the first, appeared and wandered the countryside, healing the sick and restoring sight to the blind. He, too, was named Viracocha. These accounts have long baffled scholars, as have the carvings left by the people of Tiahuanaco who preserved these legends. Now Maurice Cotterell, who cracked the codes hidden in both ancient Maya carvings and the treasures of Tutankhamun, unlocks the secrets concealed within the treasure-filled tombs of Viracocha Pachamac and Viracocha. His investigation of these tombs, held within the long-lost pyramids of Peru, proves that these two figures were not myth but actually existed 1,500 years ago.

The two Viracocha sun-kings had much in common with Lord Pacal of Mexico and Tutankhamun of Egypt and, like them, left the secrets of a super solar science encoded in their treasures. This science reveals the intimate connection between the cycles of life and birth on Earth and solar activity such as sunspots. More important, it holds the key to reincarnation and human spiritual realization, with answers to the spiritual mysteries of life and death.
