There are plenty of “organic” and “natural” beauty products on the market, but if you are like me, then you have found that these products either cause sensitivities or simply don’t work.

When I got to the end of the road with using commercial beauty products and organic products, I decided it was time to take control of the situation. For a whole year I pulled together recipes for homemade organic beauty products. Not only did I pull these recipes together, but I made them all and tested them as well.

After more research than I can ever recall doing in my life, I came up with a book full of homemade organic beauty product recipes that actually work. Not only do these recipes work, but they are easy enough for a non-cook like me to be able to put together!

If you find yourself in search of organic beauty products - whether you are looking due to chemical sensitivities or because you simply don’t like the toxins in commercial products, this is the book you have been looking for!

### **Inside this book you will find:**

- Natural Facial Beauty Product Recipes
- Homemade Organic Skin Care Products
- Organic Hair Product Recipes
- And Much More
