Discovering the Body's Wisdom Mirka Knaster

In an attractive, oversized format, enlivened with illustrations, sidebar quotes, personal accounts, techniques to try, and profiles of leaders in the field, **Discovering the Body's Wisdom** is a basic resource for well-being and natural health.

Body disciplines and therapies have enjoyed phenomenal growth in the past decade, becoming a major alternative to mainstream medicine and traditional psychotherapy. But with more than 100,000 practitioners and dozens of methods available in the United States alone, how can consumers choose the right one for themselves?

Mirka Knaster's richly informative guide provides an overview of the principles and theories underlying the major Eastern and Western body therapies, or "bodyways." It shows readers how to befriend their own bodies, getting back in touch with their internal sources of health and wisdom. It also describes more than 75 individual approaches, answering such questions as: How does each therapy work? What can we expect from one session or a series? What are the reasons for selecting this method? How do we find a qualified practitioner? What, if any, are the "consumer-bewares"?
