La Pyramide de glace : N°12: Une enquête de Nicolas Le Floch (French Edition) Jean-François Parot
À la terrible année 1783, marquée par les retombées d'un volcan islandais en éruption, succède en 1784 l'hiver du siècle.

À Paris, le peuple élève des obélisques de neige et de glace en reconnaissance de la charité des souverains. Dans l'une d'elles, au dégel, apparaît le corps d'une femme dénudée qui ressemble étonnamment à la reine Marie-Antoinette.

Nicolas Le Floch se lance dans une enquête minutieuse de laquelle, investigation après investigation, il ressort que la victime participait à des soirées particulières organisées à Monceau par le duc de Chartres, futur duc d'Orléans.

Dans ce récit surgissent les figures pittoresques d'une revendeuse à la toilette, d'une devineresse qui dépouille ses pratiques, d'un ouvrier de la manufacture de Sèvres qui vole à Versailles, d'un marchand porcelainier receleur, d'un président à mortier et d'un architecte.

Derrière ce fait divers se dissimule un complot de cour visant à compromettre la Couronne. Jamais le commissaire Le Foch, entouré de ses proches et bénéficiant de la confiance de Louis XVI, n'aura mené une recherche aussi précise et documentée qui le conduira, après bien des périls, à un dénouement inattendu.
