She's finally found a man who sees her for the woman she is, and she's not holding back.

Mechanic Veronica "Ronnie" Mack joined the Overwatch club because she'd given up on finding love, and decided to settle for sexual satisfaction. Then Ian, her childhood crush, walked back into her life as one of the club's Trainers, and proved that their connection was as strong as ever.

Computer guru Ian Johnson's work kept him busy, with little time for a social life, which is just the way he liked it. Then Ronnie Mack strode into the club, and straight back into his heart. He couldn't deny the need to make her his own, and now he's learning that training a sub he's in love with is a whole new adventure.
