21 Awesome E-Juice Recipes says it all. This year I switched to e-cigarettes from traditional cigarettes. The decision to stop smoking and to start vaping was one of the best choices I've ever made. E-cigarettes are great but I quickly found out that the e-liquids/ e-juices vary greatly in both price and quality. The good stuff is far too expensive, and the cheap stuff is disgusting. So being the DIYer that I am, I took to the internet and to YouTube to find out how to create me own ejuice. I quickly found out that making e-liquids, is a simple, inexpensive and quick process. In the span of 3 months I've made over 400 different e-juice combinations. I'll be honest, most of these e-juice mixtures were not very good at all. However, the experience I've gained by experimenting was/is invaluable. Through these trials and tribulations came this book. These are the first 21 recipes that I approve, and my many test subjects (aka vaping buddies) also vouch for these as favorites. Enjoy these e-liquid recipes and be on the lookout for more e-juice titles soon to come. Vaping is my new lifestyle and I create new e-liquid mixtures every chance that I get. Happy vaping!
