The Sheriff Of Nowhere Henry Radcliff

'The Sheriff of Nowhere' is the story of one man's pre-conception preconceptions. The story of one man's journey from dating to dad-in-waiting.

It is everything your parents would have told you about becoming a parent if they hadn't split up when you were only 8 years old.

It includes priceless information on how to charge the wife's breast pump whilst traveling on the FDR Drive up the east side of Manhattan Island, why you should always have a tub of soft scoop vanilla handy when trying for children and how to cure a Wheaton Terrier of constipation.
