Discover Ext JS, one of today's most powerful and highly regarded JavaScript frameworks, with perhaps the best set of GUI widgets around, and a whole host of components that make developing client-side applications a breeze. Using a pragmatic approach, you'll dissect seven full-fledged applications, covering

- How Ext JS allows you to create these applications with a slick user interface with a minimum of effort
- How the other parts of Ext JS aside from the GUI widgets provide many of the capabilities modern applications need, such as Ajax and data mechanisms
- How other technologies such as Gears can be brought in to make the applications more powerful
