Human Anatomy, Sixth Edition builds upon the clear and concise explanations of the best-selling Fifth Edition. A dramatically improved art and photo program, even clearer explanations and readability, and more integrated clinical coverage are all included. Recognized for helping you establish the framework needed for understanding how anatomical structure relates to function, the text's engaging descriptions now benefit from a brand-new art program that features vibrant, saturated colors as well as new side-by-side cadaver photos. New Focus figures have been added to help students grasp the most difficult topics in anatomy.
