People's passion for golf manifests itself in many ways. Some enjoy the game so much, they want to make it a prominent part of their retirement surroundings. This work functions as both an informative source for golfing aficionados who are looking for a place to retire, and as a helpful guide for non-golfers in the family. Here, details on golf communities in six southeastern states are presented: North and South Carolina, Georgia, Florida, Alabama and Mississippi.

Organized by state, each chapter begins with information on state and city populations; sales, income and social security taxes; and a geographical description. Each state is divided into geographical areas that offer attractive retirement and golfing opportunities. For each city listed, a general introduction (including data from the 2000 Census) is provided. Information on the golf courses, a variety of real estate options, nearby dependable health care services, convenient and varied shopping, favorable year-round climate, continuing education opportunities, nearby recreation, attractions, and dining, and regional artistic and cultural amenities is offered.

Lists of both a state's nationally ranked and overall best golf courses, as determined by *Golf Digest*, are also included at the end of each chapter.
