Breakdown: (An Alex Delaware Novel) by Jonathan Kellerman | Summary & Analysis

Bestselling author Jonathan Kellerman continues the Alex Delaware series in Breakdown. Bringing a generational story to a compelling close, the novel weaves through all layers of Los Angelino society, reminding readers that wealth does not prevent depravity. It offers readers a compelling, engaging expedition through Los Angeles and its social strata. It is admirably positioned to investigate the details of the characters' interiority, one of the primary features of the novel while still presenting a driving plot and authentic action and setting.

Kellerman's Breakdown, depicts the efforts of child psychologist Alex Delaware to find a former patient of his, the now-eleven-year-old Ovid Chase. As he pursues information about the boy's whereabouts, he becomes entangled in other affairs, including an emergent and mismanaged government program and several police investigations. Those investigations ultimately bear in on Ovid, treating earlier generations of his family unknown to him and resulting in the boy being found safely – and as a possible heir to a substantial fortune.

This companion to Breakdown includes the following:

- Book Review
- Story Setting Analysis
- Story elements you may have missed as we decipher the novel
- Summary of the text, with some analytical comments interspersed
- Thought Provoking /or Discussion Questions for both Readers & Book Clubs
- Discussion & Analysis of Themes, Symbols...
- And Much More!

This Analysis of Breakdown fills the gap, making you understand more while enhancing your reading experience.
