As a pupil, I exactly feel bored in order to read. If their teacher inquired them to go to the library or even make a summary for some book, they are complained. Just very little students that have reading's soul or real interest. They just do what the instructor wants, like asked to go to the library. They go to at this time there but nothing reading really. Any student feels that examining is not important, boring as well as can't see colorful pics on there. Yeah, it is being complicated. Book is very important in your case.
