An excerpt from the book:

There is no doubt that Russell Wilson will go down as being one of the few best quarterbacks of all time. After he had finished his first season, he had already broken the stats of the most recognized quarterbacks of today. In just his second season with the Seahawks as their starting quarterback, Russell Wilson was capable of successfully taking the Seattle Seahawks to the Super Bowl and winning it in dominating fashion. While his discipline and dedication towards the sport has led him to where he is today, Russell Wilson graciously gives credit to his father for teaching him everything he needed to become what he is today. In fact his family blood is rooted in sports, with his grandfather, Harrison B. Wilson, Jr. also playing college basketball

and football at Kentucky State University. His father, Harrison Wilson III, played college football and basketball, playing for the San Diego Chargers for one pre-season before being let go.

Dedication and a little luck played significant parts in making Russell Wilson the player he is. He has committed himself to being an extremely talented athlete because he has always loved sports and has an extremely competitive spirit. He also had a little luck play on his part because he is not only genetically gifted, but he has had the opportunity to be born into a family that loves sports competition.
