**Moonraker (James Bond)** Professor of Organic Chemistry Ian Fleming

Agent 007 is back--and he must race to stop the destruction of England.

When James Bond is asked to settle a dispute over "ungentlemanly behavior" at an exclusive gambling club, the affair is embarrassing in the extreme, for the accused is the unimpeachable Sir Hugo Drax: business tycoon, popular hero, patriot extraordinaire, and head of the multimillion-dollar Moonraker missile program on which Britain's future defense depends.

Soon, however, the "affair of honor" takes on a somewhat more serious tone as Bond finds out the bizarre and terrifying truth about Drax and Moonraker, a truth that could not only prove fatal for Agent 007 and his beautiful companion but could mean the deaths of millions.
