Dying to Forget (The Station) (Volume 1) Trish Marie Dawson

Sometimes the day you die is only the beginning... Piper Willow dies the summer after her high school graduation and wakes in the afterlife at a place called the Station. She's given only two choices: Move on to the unknown where she'll be forced to spend an eternity in her own personal hell, or be trained as a Volunteer and return to Earth as the subconscious for a person in need of outside assistance. Does Piper have what it takes to save a life, to be the nagging voice inside another person's head? Or will she fail and end up lost and tormented...forever?
