## **Knowing The Path: The case for a better humanity through science, spirituality, and personal observation by a young Haitian** Tanael Joachim

Knowing The Path is a non-fiction philosophical book that critically analyzes the ways of our present society. Through scientific research, spirituality, and personal insights to which most people can relate, it makes the case for the creation of a better society by showing the memes in our cultures that we need to change radically and those we should embrace. It's an appeal to societal change by virtue of personal transformation. It's an invitation to walk a path that has a heart for the fulfillment of the human spirit. It's a call to knock down the social, economic, and political walls that prevent us from achieving a civilization of empathy. It's putting wisdom into practice!
