## **Pride and Prejudice (Illustrated): Illustrated by C. E. Brock with a dynamic chapter index for easy navigation** Jane Austen

Fully illustrated by C. E. Brock, with a working table of contents for easy navigation.

Pride and Prejudice is the delightful biopic of manners, etiquette and romance in early 19th century England. At a time when Britain faced the threat of the Napoleonic wars and the unlikely pin-up boy of the age was the brutal but heroic Duke of Wellington, Jane Austen bases her story in a much more genteel location, the home counties.

Set in an age where women were seeking to be accomplished (that is good at entertaining, playing the piano, singing and keeping a household for her husband and family), the banality of her life is countered only by the search for a husband who can provide status, a large estate and money.

Two hundred years on, the world is a very different place and yet Austen has explored themes that are timeless and universal. Love, romance, being true to oneself despite social pressure and the darkest, most devilish hero who the reader loves to hate, but loves none the less. Darcy has become synonymous with the ideal man, lover and husband.

As well as being a rich biopic about the dos and don'ts of polite society, Jane Austen also brings so many wonderful characters to life. The chatty, bustling Mrs. Bennet who is desperately searching for the richest, most well connected men to be husbands for her five daughters. The dry witted observer of life, with an appreciation for the ridiculous, Mr. Bennet; and the dutiful but head strong heroine, Elizabeth Bennet, who will not kowtow to an idiotic, obsequious suitor, just because he is rich.

Pride and Prejudice is one of the must-read novels of the 19th century with themes that thrill and entertain readers across the ages. As well as being a best seller across the years, it has also enjoyed an abundance of spin off short stories, novels and TV adaptations.
