Shakespeare's Elephant in Darkest England

Wes Jamroz

Shakespeare's Elephant in Darkest England Wes Jamroz

A fascinating narrative is hidden within Shakespeare's plays. "Shakespeare's Elephant in Darkest England" summarizes this narrative. The narrative consists of 37 chapters that are presented in Shakespeare's 37 plays. This means that all the plays are linked together. They are linked through a subtle signal superimposed on the plays' plots. Shakespeare refers to this signal as the "music that may not be heard". In order to discern Shakespeare's tale, the readers have to recognize and follow this non audible music. Then this "music" will guide them; it will allow them to walk out of the darkness of their ordinary reasoning and intellect. They will be encouraged to move forward and get closer to understanding their ultimate evolutionary purpose.
