Female Domination Short Stories book 2 Vickie Scott

Female Domination Short Stories Book Two is a collection of Fem Dom stories, over 30,000 words, that I wrote a few years back. I seem to recall that I did allow just one website to put them up but I can't remember which one and have no idea if they are still there. They involve bondage and chastity and are for adults only. Since then I have updated them so they are not quite the same stories. They are all total fantasy and come out of the mind of the author and have no relation to the real world whatsoever. I thank you for looking and hope that you will read and enjoy. This collection has five stories beginning with Total Male Lockdown that is set in the future where women rule the world and males live in fear. In this story an unwilling male is used to demonstrate a new chastity device that his new owner wishes to sell worldwide. In the second story called Jason's New Neighbour; Jason having just bought a steel chastity belt is out when it is delivered to his new next door neighbour. When she delivers it to him they make arrangements to go out on a date. Jason ends up at a bondage club under the control of his new neighbour and more fun is to come when she discovers the keys she had picked up from his apartment were that for his chastity belt. The third story is called Ben's Birthday Present. Julie feels slightly sorry for her husband Ben for she knows he wants an escapeproof chastity belt but every one he tries just doesn't work out so she decides to have one made for his birthday. So starts a whole new adventure for this loving couple where Ben discovers the reality of his fantasies. Number four is called the Chastity Agreement. Husband and wife are very much in love and create an agreement for him to be locked in chastity for three months. The plastic device he chooses enables him to cheat and hope his wife never finds out. After six weeks he finds out to his cost that she knows about his cheating and so begins his real tormenting stay in chastity. Finally we have You did Ask for Chastity where Brian manages to harass his ever loving wife into agreeing that he could have and wear a chastity belt and she hold the keys. All goes well until he wants out and she says no. He tries to get free of the belt and ends up damaging the lock. Will he ever be free again?
