## **The Ultimate Dating Guide for Widowers** Abel Keogh

Men and women grieve differently. Though both feel the pain and sorrow that come with losing a spouse, widowers start dating much sooner than widows—usually within the first year of their wife's passing. While there's nothing wrong with dating again that quickly, widowers often get into relationships before they're emotionally ready to take that step. That causes problems for them and the women they're with.

That's where *The Ultimate Dating Guide for Widowers* comes in. Drawing on the success stories and learning experiences of Joe Biden, Thomas Edison, Peirce Brosnan, and Paul McCartney, this book specifically addresses questions, concerns, and needs of widowers, including:

- How to know if you're really ready to date again
- Overcoming feelings of guilt about starting another relationship
- Balancing your dating life with the needs and wants of your children
- How to make room in your heart for someone else

*The Ultimate Dating Guide for Widowers* is the definitive guide for widowers who are looking to sort out their conflicting emotions and avoid common pitfalls that come with dating the second time around. It's a must read for any man who's looking to ease the transition from an old life to a new one
