If you have been vaping for a while like me then I bet that you're craving some new flavors and rightly so! Buying the same cheap flavors can start to kill the joy of smoking and some of those high-end eLiquids may just be out of your financial reach right now, not to mention that when you purchase eJuices from the market or online on a frequent basis, it can become really expensive to sustain your hobby. Not to mention the satisfaction and the fun you get out of making your own juice. You get to tweak every recipe exactly to your liking unlike the ones you buy from online or from a local store.

Well, if you are among the many people facing the disappointment that follows after vaping the same flavors of eLiquids or if it has lost its effect on you and you want to try something new, then here's a book that can help you! If you are an avid vaper, you must know that you can make your own eJuice as well but there's a bit of a problem with that, you don't have the best eJuice recipes!

You will find it interesting to explore 75 recipes in the following flavor categories:

- Fruit Flavored
- Drink Flavored
- Minty Madness
- Sweet Punch
- Dessert
