In the more than fifteen years since its publication, The 7 Habits of Highly Effective People has become an international phenomenon with over fifteen million copies sold. Tens of millions of people have dramatically improved their lives and organizations by applying the principles of Stephen R. Covey's classic. Being effective as individuals and organizations is no longer merely an option -- survival in today's world requires it. Accessing the higher levels of human genius and motivation in today's new reality requires a sea change in thinking, a whole new habit. The crucial challenge of our world today is this: to find our voice and inspire others to find theirs. It is what Covey calls the 8th Habit. So many people feel frustrated, discouraged, unappreciated, and undervalued -- with little or no sense of voice or unique contribution. The 8th Habit is the answer to the soul's yearning for greatness, the organization's imperative for significance and superior results, and humanity's search for its "voice." Profound, compelling, and stunningly timely, this groundbreaking new audiobook will transform the way we think about ourselves and our purpose in life, about our organizations, and about humankind.
