The Mark: Feral, Episode Two P.J. Post

This romance brought to you by the end of the world...

He was just a teenager, hollow and lost, looking to keep the past buried, to forget. Surviving wasn't so much an instinct as it was a hobby. He surfs the backwash of the westward migration across a dead America; a war-torn desolation devoid of electricity, infrastructure and civilization.

It has become a strange and unrecognizable land, rife with the worst of humanity. And his was a life without hope, equally dark and solitary.

Until he meets Emily; until he meets Feral.

Once was boy, selfish and directionless.

Now is love.

Now is reason.

Now is vengeance.

They are his vow, his purpose, and to save them, he'll murder the world.

Author's Note: Feral is an ongoing serialized story.
