Nicole just wants a normal, happy life. But once you've been held captive by an incubus and turned into a werewolf against your will, "normal" takes on a new meaning.

Then Nicole meets Gabriel, the founder of a high-tech company. Rich, sexy, and attracted to her, he's everything she's ever dreamed of...and her inner wolf wants him for a mate. Now.

But Nicole and her hairy once-a-month problem may both change their minds when they discover that Gabriel is also an incubus, a creature Nicole understandably loathes and fears. And that's not the worst of it.

What one incubus has already claimed, another courts at his own peril.

Her former captor isn't going to give up his claim, Gabriel isn't going to give up on true love, and Nicole isn't going to give up being snarky, because that may be the only way she can stay sane.

It's a game of chicken with two Children of Lilith and a werewolf. True love may be the prize, but misery could be the cost...if any of them survive.
