Empirically-supported CBT to reduce anxious distress in youth. This newest edition is a revision of the original Coping Cat Workbook by Philip Kendall that has been in use since 1992. Sixteen therapy sessions promote coping skills for dealing with anxiety. The program can be adapted for use with individual youth or with groups. Appendices include 'situation cards' with three levels of difficulty, a 'feelings barometer', as well as other cut-outs and a certificate of achievement. Appropriate for a variety of anxiety disorders in youth ages 7-13; for adolescents, use the C.A.T. Project program by the same author.
