Chris and his teacher have a chance meeting. Will this turn into more than just desire?

Chris didn't expect to follow his handsome teacher for hours on the road. He just was following the directions on his phone so that he could be home for the holidays.

After he finally loses sight of his professor, the tedium of riding alone down the highway gets the better of him. He pulls into a motel and settles in for long night of sleep as the wind outside brings more and more snow.

Late at night, though, when the sky is pitch black, he hears a knock on the door. The man outside is none other than Chris's professor, and he's looking to kill some time while they're snowed in. When poker turns into strip poker, though, things quickly become *wild*.
