Female orgasm is a subject women often learn about from personal experience. Unfortunately many struggle with achieving orgasm and many more are limited in the types of orgasms they experience. Mainstream society puts heavy focus on the clitoris as the key to all orgasm however that is not the case. There are many ways a woman can orgasm and that realization opens the door to a better sex life. Is it possible to have an orgasm from intercourse alone? That is the question many have and the answer is an emphatic "yes". It is not only possible but it is also immensely pleasurable. This book is an attempt to help other women discover their orgasmic potential and enjoy true sexual liberation. This is the kind of liberation where reaching orgasm is a given and women feel empowered by the bliss their bodies are capable of experiencing. This book is based on personal experiences of the author after three years of studying her own orgasms; how the best orgasms begin, what triggers them, how to help the energy flow through the body and addressing the issues which may block a woman from having deeply felt, long lasting orgasms. Each woman has the ability to enjoy incredibly blissful, even divine, orgasms. It is a matter of understanding what we can do and how our bodies operate. It is about integrating our minds, bodies and spirits while making love. This book is an attempt to help women everywhere reclaim their orgasms and the inner joy that accompanies such blissful unions as that is our birthright.
