Comprehensive Review of Psychiatry

Comprehensive Review of Psychiatry

Derived from a popular review course for residents and fellows at Yale University's Department of Psychiatry, this comprehensive question-and-answer review book will prepare resident and practicing psychiatrists for all types of standardized examinations, including the PRITE, the American Board of Psychiatry and Neurology written exam, and recertification exams. The book contains 2,000 multiple-choice questions divided into ten 200-question tests, and each test covers all psychiatry and neurology topics in the ABPN curriculum. An answer section with complete answers, explanations, and references for further review follows each test.

All of the questions will be available on a companion Website, so that readers can take the tests online.
