Compiled under the sponsorship of the China National Office for Teaching Chinese as a Foreign Language (NOTCFL) and in consultation with the Chinese Proficiency Test (HSK) Guidelines, the *New Practical Chinese Reader (NPCR)* series is designed to help native English speakers easily learn Chinese. Based on the time-tested *Practical Chinese Reader (PCR)*, the revised and updated *NPCR* combines the grammatical strengths of the old *PCR* with contemporary material and more emphasis on learning to use Chinese in everyday conversation.

NPCR consists of 70 lessons in six volumes, covering beginning to intermediate levels, for three years of instruction. Features include balanced training in speaking, pronunciation, grammar, and vocabulary; gradual increases in difficulty, and a cyclical approach to learning with constant review of language structures, functions, and cultural knowledge; an abundance of practice material suitable for students to use inside and outside the classroom; and a new, systematic approach to the teaching of Chinese characters.
