John Hogue

Nostradamus: A Life and Myth John Hogue

World renowned prophecy scholar and Nostradamus expert, John Hogue published the first full-bodied biography of one of the most famous and controversial historical figures of the last millennium. He traces the life and legacy of the French prophet in fascinating and insightful detail, revealing much little-known and original material never before published in English.

Born in 1503 to Jewish parents who had converted to Christianity, Nostradamus became skilled in the forbidden arts of astrology and the occult, and chose the life of a doctor to hide his shadow life from those religiously intolerant times. A Christian physician by day, and an underground Jewish astrologer and Pagan theurgist by night, he risked his life issuing a serialized book of 1,000 predictions on the future, published between 1555 and 1561. It became a bestseller and its purported successes in predicting events of his own time made Nostradamus the talk of the courts of Europe. He attracted both support and enmity from the most powerful people in France, and while the Queen of France bestowed honors, the Justices of the Inquisition cast a dark and threatening shadow.

Every age has seen itself reflected in different interpretations of Nostradamus' prophecies. By the 20th Century he was used as a propaganda weapon on both sides in two world wars, and a lightning rod for millennial anxieties and hopes. The the 21st century dawned and he became a global phenomenon for his predictions about the September 11 terrorist attack on New York.

But who was the man behind these prophecies?

Discover the double life of Nostradamus: the legend and the reality.

"I have known John Hogue for fifteen years. Every year, he predicts on the program [Dreamland] and every year, he proves to be fireproof. He's accurate. Uncannily accurate."

—Whitley Strieber, author of "Communion" and "The Coming Global Superstorm" with Art Bell

"A master storyteller!"

—J.R. Rain, author of "Silent Echo", "Moon Dance" and "The Body Departed"

"Nostradamus: A Life and Myth' is really the most definitive, evidential and carefully researched work about Nostradamus and his prophecies, and a must-read for anyone who is seriously interested in our future."

—Professor Dr. Hans Holzer, Author, Television Producer, Parapsychologist

BIOGRAPHY

John Hogue, defines himself as a "Rogue" Scholar. He is a world-renowned authority on Nostradamus and other prophetic traditions. His work is critically acclaimed for cutting through the social, religious, and nationalistic projections of prophets and their interpreters to find threads of insight they all share.

Futurist, accurate forecaster in his own right, creator of hogueprophecy.com, what has been called the "Huffington Post of prophecy websites", Hogue has received wide international recognition appearing on over 100 television and 1,000 blog and talk radio shows on five continents: North and South America, Asia,

Australia and Europe. At present, he has predicted the winner of 12 out of 12 US Presidential Elections and perhaps has the most multimedia exposure of any prophecy scholar in history, making frequent appearances on History Channel, Discovery Channel, CNN International, BBC, Ancient Prophecies (NBC), The View (ABC), Hannity and Colmes (FOX News), RAI TV (Italy), Russia Channel One, and Channels 7 and 9 (Australia). His radio appearances include Coast to Coast AM (Premier Radio) and BBC International Radio.

Hogue is an Associated Press bestselling author as well as a number one bestseller of prophecy titles on Amazon, such as Predictions for 2013-2014. He has published 23 books in 19 languages. He currently lives on an island in the Pacific Northwest.
